

# ACKNOWLEDGEMENT

Development of this project required the efforts of many people. We have completed the project on "xShop (Shop Management System using flutter)" I would like to express my gratitude and thanks to my guide Prof. J. R. Kolekar who gave me the opportunity to do this project on the topic xShop website using Minimax Algorithm. Introduced to this topic, that helped me in doing a lot of Research, and I came to know about so many new things. In this project, I have received timely help, guidance from my friends and received the help from other teachers who helped me a lot in completing this project within the specified time period.
